*Annelle Hirstedt*  
a treasury of dolls

“I hope that Himstedt collectors will continue to cherish all the different dolls that were created and lovingly crafted for over two decades.”

Annette Himstedt

We are honored that Annette chose The Toy Shoppe to represent the Artist's Proofs from her personal collection.

The charm and grace of Annette Himstedt's dolls seems so effortless that it understates the artistic expertise needed to create them. Her design was always fresh and vibrant, her sculpting captured the magical nature of childhood and her technical innovations were unsurpassed. Annette remains the most influential doll artist of modern times and her creations continue to be in high demand by those who appreciate fine dolls.

This catalog spans the breadth of Annette's career from her groundbreaking *Barefoot Children* to the final *Farewell Collection*. Each came directly from her manufactory in Germany before its closing. With Annette no longer producing dolls, this is truly a rare opportunity to own one of her exceptional *Himstedt Kinder*.

The Toy Shoppe has been the home for Annette doll's since we first brought her work to America in the 1980s. We are honored that she chose us to represent her *Personal Collection* and *Artist's Proofs* - many of which are in this catalog. Please call us toll free 1 800 447-7995 and we will be happy to help you.

The Most Comprehensive  
Compilation Of Two Decades  
Of Annette's Dolls

With the premiere of her *Barefoot Children* in 1986, Annette sparked a new movement in doll making. Creating vinyl dolls that captured the essence of real children with their relaxed and natural posing and expressions, Annette defined this artistic shift. When history reflects on that era, it will surely credit Annette Himstedt for inspiring artists to new and remarkable levels of creativity in the Realistic Doll Movement of the twentieth century. The Toy Shoppe proudly features over two decades of Annette's vinyl Artist's Proofs in our exquisite, full-color catalog. \$19.95 T48595
